**Coinollectibles™ MetaMall Announces Upgrade of Fusion NFTs to  
Fusion DOTs (Digital Ownership Tokens) 2.0**

Dear NFT holders of Coinollectibles' Fusion NFTs,

We are pleased to announce the upgrade of our Fusion NFTs to Fusion DOTs (Digital Ownership Tokens) 2.0 to enhance the provenance of your phy-digital assets acquired from Coinollectibles MetaMall and on OKX platform. Our upgraded Fusion DOTs provide legal documentation denoting the title of ownership with clear description of the rights of the owner on intellectual property, copyright and physical ownership, certificate of authenticity and descriptive information on the collectible with high resolution images. Our Fusion DOTs are minted on the Binance smart chain "fusing" the digital with the physical.

For holders of our Fusion NFTs, specifically for the 12 items listed below, you may contact our team at [info@coinollectibles.art](mailto:info@coinollectibles.art) directly to replace your Fusion NFTs for the upgraded Fusion DOTs. We are dedicated to provide a seamless and hassle-free upgrade for you.

## About the Company – Coinollectibles™

Coinollectibles™ is a technology company supporting the collectibles industry with a focus on rare memorabilia and artworks that exist and have intrinsic value in the real world, whether tangible or intangible in nature.

Coinollectibles™ applies blockchain, marketplace, metaverse and NFT technologies as tools to disrupt and enhance the real world collectibles industry. The technology underpinning NFTs (non-fungible tokens) has multiple functional use cases that Coinollectibles™ is applying to areas including art, sports, watches, numismatics, limited edition toys, limited edition fashion wear and sneakers. NFTs have the power to transform our societies and some areas may be subject to regulations. Coinollectibles™ uses NFT technology solely to provide a legally-binding digital ownership token (DOT) to a tangible or intangible collectible, which our analysis suggests would functionally fall outside any regulatory parameter.

## About Coinollectibles™ Fusion DOT

Coinollectibles™ prides the Fusion DOT as the industry “Gold Standard”. Being a Gold Standard, a Fusion DOT contains the following on Arweave – (1) a sale and purchase agreement reflecting the purchase, by the person minting the Fusion DOT™, of the underlying asset at a fair value with all rights and restrictions clearly detailed, (2) bailment terms governing the rights to possession whilst the underlying asset remains with Coinollectibles™, (3) a transfer deed reflecting the transfer of the ownership of the underlying asset (together with all rights and restrictions) by the transferor to the holder of the Fusion NFT™, (4) ownership title deed written into the description of the Fusion DOT™ and (5) the unequivocal identification file of the underlying asset, whose ownership is reflected in the title deed represented by the Fusion DOT™.
